BRICKLAYERS AND ALLIED
CRAFTWORKERS**

WWW.BACWEB.ORG

The International Masonry Training and Education Foundation (IMTEF) will not discriminate against apprenticeship applicants or apprentices based on race, color, religion, national origin, sex (including pregnancy and gender identity), sexual orientation, genetic information, or because they are an individual with a disability or a person 40 years old or older. IMTEF will take affirmative action to provide equal opportunity in apprenticeship and will operate the apprenticeship program as required under Title 29 of the Code of Federal Regulations, part 30.

BUILD
YOUR
FUTURE
WITH US.**

PRIDE

If you like the idea of building something that lasts, a career in the trowel trades is for you. Working as a bricklayer, tile setter, stone mason, marble mason, cement mason, terrazzo worker, plasterer or pointer-caulker-cleaner can lead to a lifelong career where you can point with pride to the projects that you've built with your own hands.

OPPORTUNITY

You'll earn good pay, and great benefits like health, disability and life insurance. Pension and retirement savings programs will also help you secure your future, and support your family. Keep in mind that even though you may join a local BAC union in your hometown, you can also work in other cities and your benefits will travel with you.

TEAMWORK

Be part of the team, working together to get the job done - out in the field, not behind a desk. And with constant innovations in safety and technology, the jobsite is changing every day. Explore the options as a craftworker, foreman, superintendent or mason contractor.

YOUR FUTURE

With free training and no experience required, the trowel trades are a great choice to begin your career. Pre-job training and on-the-job training through an apprenticeship program allow you to earn good pay while learning your trade, at no cost to you. It doesn't stop there. Keep learning and earn more by taking advantage of free training and certifications during your lifelong career.
